### **Biography:**

Attorney Paul Wingo is a formidable champion for plaintiffs. In his nearly 10 years as a personal injury attorney, Wingo has a track record of winning substantial recoveries for his clients.

The fourth-generation Texan is also active in local politics, and believes that hard and honest discourse is needed for America to move forward right now. In January 2017, Wingo helped lead a powerful army of volunteer lawyers who converged on Dallas-Fort Worth International Airport to offer free legal aid to immigrants detained under President Donald Trump's travel ban.

"This is the first time I've ever felt that I just needed to heed the call of action," Wingo told a Dallas TV station. "This is kind of the reason why I got a law degree."

Wingo, a skilled photographer, is also interested in the arts. He often uses his artistic eye at trial to help tell the stories of clients who have been catastrophically injured.

### **Practice Areas:**

- Personal Injury Litigation
- Civil Litigation
